

PRINCESS F55

PRINCESS F55

From the moment you step aboard her teak decking, luxurious space is a constant companion. Her 17.80m² flybridge enjoys a convertible sunbed, twin helm seats, a wetbar and ergonomic dining areas. Vast panoramic saloon windows and signature wrap around front screens offer uninterrupted vistas from the main deck whilst expansive hull windows generously flood her accommodation areas with light. This oasis of calm can then be propelled to a top speed approaching 33 knots, and all with nimble composure. Magnificent performance and uncompromising comfort in equal measure.
